PROFESSIONAL POSTPARTUM DOULA SERVICE PACKAGES

Welcome Home... Ready Or Not

2 daytime shifts (4HRS EACH), 1 overnight (10PM-6AM)

This package is the perfect gift from the office, grandparents, or anyone who wants to give a priceless gift to the new family! A Professional Postpartum Doula arrives ready to assist parents with all things related to newborn and family care. She makes a nutritious meal for mom and dad, assists and educates on baby basics, and provides new mom care. When parents are in need of that elusive full night of sleep, she shows up ready to take over baby duty during the night, leaving a peaceful, rested home in the morning.

\$434 (\$65 SAVINGS) / \$474 Multiples (\$71 SAVINGS)

Happy Mommy, Happy Family... In Two Weeks

6 daytime shifts (4HRS EACH) during baby's first two weeks home

Your Professional Postpartum Doula comes to your home during the critical first two weeks to offer assistance with breastfeeding and/or bottle feeding, newborn education, bathing, cord care, circumcision care, swaddling, reading newborn cues, family bonding practices, soothing techniques, and healing therapies for mom.

\$689 (\$103 SAVINGS) / \$730 Multiples (\$110 SAVINGS)

Good Night, Sleep Tight

4 overnight shifts (10PM-6AM)

Your Professional Postpartum Doula arrives ready to take over the nighttime care of your baby. She bottle feeds or brings baby to you for breastfeeding. While you fall back into slumber for the maximum amount of rest, she burps, diapers, and soothes baby back to sleep. As time permits, she tidies baby's sleep area, throws a load of clothes in the washer, or washes bottles quietly while baby sleeps. The next morning you wake up to a nutritious breastfeeding snack.

\$818 (\$122 SAVINGS) / \$920 Multiples (\$140 SAVINGS)
